

## Scrapbook Instructions for **My Beautiful World**

### Creating a Nature Journal – My Beautiful World

Supplies may include a simple 3-ring binder with blank white paper and lined white paper. Plastic page protectors may also be used. If larger page sizes are desired, families may choose a larger scrapbook binder. Children may use crayons, colored pencils, markers, stencils, watercolors, collage, or any other medium to create their pages. A pair of binoculars and a magnifying glass are helpful tools for children as they work on their nature journals.

Section dividers for My Beautiful World scrapbook:

- Light and Color
- Water and Land
- Stars and Planets
- Plants
- Animals
- People

Page ideas:

Cover page designed and created by child  
Hand drawings or paintings of any of God's creations  
Copy work of scriptures related to the different creations  
Pictures or photographs of God's creations  
Thoughts written by the child  
Collections (leaves, feathers, pictures of rocks, etc.)

More resources and ideas are available on the Hearthstone Education Plan site and the Libraries of Hope website in the Mother's Learning Libraries section.
